On September 30, 2011 a farewell party was held for Dr. Regine Schulz at the Walters Art Museum. Many of her professional and personal friends were in attendance. Howard & Rosemary Koontz, Paul & Bernadette Trattner and Chris Henry represented the BLASCC committee. The evening was a grand success with many people saying goodbye with small speeches about how Regine grew the Walters and brought the museum to the world's stage and how she will be missed. Paul Trattner spoke eloquent words of praise and told how she was a strong member of our committee. The photo shows the committee's gift of flowers,

statue of Kherty and if you look closely under the flowers, you will see a box of candy. The wine, finger foods and the exotic dancer all melted into a wonderful evening of friendship, tears, and social interaction. Regine sends her best and said that she will retain her e-mail address and hopes to hear from us. She also welcomes us all to her new museum position as executive director of the Roemer and Pelizaeus Museum (RPM) in Hildesheim, Germany (road trip)
